ANNOUNCEMENTS

- For those returning to service: Volunteer Assignment Descriptions (VAD's) are due October 2

This year's National Day of Service project was different than years past due to the pandemic. Instead of physically volunteering, we wrote thank you letters to local hospital staff! If you have written a letter and not yet sent it, please get it to you Project Coordinator and they will send it for you!

The Autumnal Equinox is September 22, 2020.

WHAT IS THE FALL EQUINOX? The Autumnal equinox marks the first official day of fall in the Northern hemisphere. The word “equinox” comes from Latin *aequus*, meaning “equal,” and *nox*, “night.” On the equinox, day and night are roughly equal in length.

It's time to enjoy the fall foliage before winter hits in our unpredictable Wyoming climate!
